

;; The Y combinator

```
(define Y (fun (f)
            (with (h (fun (g)
                        (fun (n)
                          ((f (g g)) n))))
                  (h h))))
```
